

Closer to My Heart

(lyrics & music by Joe Scott, Janjoral Publishing/BMI)

I've been gone all these years
Lost and lonely, hope always near
And now it's time to come back home
Reclaim that place where I belong

*And nothing compares to you, dear
And no one comes closer to my heart*

I've been thinking and I've been wondering
Where such beauty as this comes from
And I remember a night so calm
And distant thunder would bring the dawn

*And nothing compares to you, dear
And no one comes closer to my heart*

I've been gone all these years
Lost and lonely, hope always near
Your warmth surrounds me, an ocean away
Your love dissolves me, this is your way

*And nothing compares to you, dear
And no one comes closer to my heart*
